EDITORIAL

So! Relegated to page 3! Guess I'll have to up my game!

Well....it was the young HRH I suppose!... But, actually we have decided now to feature a cover photo every month for the lead article. Hope you all think that's a good idea?

A few controversies this month, as you will read inside. Please let us have your views. It is after all YOUR magazine. You could just write a letter to the Editor, or, if you feel inspired, maybe an article.

We would also welcome any suggestions you might have for improving the magazine. Recipes, quizzes, interesting photos, or, whatever else you might come up with all would be most welcome!

We hope that as many of you as possible will come along to the HeronAid concert on Saturday 20th of this month. We promise you a good evening's entertainment, and a few surprises, for "just a fiver"! All proceeds from the ticket sales will go towards producing future colour pages in The New Heron. Catering on the night will be done by The Friends of Townley School (FOTS) and all proceeds from food sales will go towards the school pool fund.

Apart from the usual tea, coffee, biscuits and cakes, the FOTS will be providing Jacket potatoes with a selection of tasty fillings. So why not just have a light tea, or no tea at all and eat with us!? Food will be served from the interval onwards. You may bring your own drink with you if you wish!

Should be a good night we are hoping to raise £500 for The New Heron, so please come along and support us, and help raise funds for the FOTS too! (see page 23)

See you all there!?

Letters to the Editor

Hi Richard

Would you please include the notice below in the next edition of The Heron.

POPPY APPEAL

"Can anyone spare 1 or 2 hours (per year) selling poppies for The Royal British Legion Poppy Appeal. We need 2 people to sell poppies in Church Road and The Croft in Christchurch for Remembrance Day this year. The Poppy Appeal is such a worthy cause. If you can help, please telephone Lesley Kennedy (Poppy Appeal Organiser) on 01354680401. Thank you"

Hope some of you will come forward - Ed'.

Dear Editor

Having only been a resident of the village for a short time, but being equally pleased that Christchurch has managed to retain a "local" it is with great sadness that I see the publican has taken the steps to ban dogs due to some "numpty" bringing one with them, on a Sunday when food is being served in the bar and then proceeding to share their own dinner with the dog at the table. ??? Why on earth the publican chose to penalise the rest of us and not the offenders beggars belief. Surely this person should have been asked politely to leave the dog outside or take it home and then return without the Dog as food was being served. As a responsible Dog owner I can fully understand the hygiene implications of animals around food and appreciate that not everyone shares our feelings towards our canine friends so would never dream of taking any of our dogs into any pub during a food service, a sentiment which I am sure all other responsible dog owners will agree with. Surely it would be better for the management to educate the selfish "numptys" of this world rather than penalise all our canine friends and their sometimes inadequate owners as there is nothing nicer than to break their

evening constitutional with a pint or 2 in the local warming their bones and ours in front of a roaring fire on a cold winters eve! Although not a daily user of the pub I have enjoyed its pleasures on a regular basis with my family, which by the way includes our dogs, and have been met with a seemingly happy & informative publican who I enjoyed the company of and of the other locals who also enjoyed time spent there and the therapeutic values of dog caressing, something some miss as they are non-dog owners and the socialisation for the dogs is good too. One can only hope that the publican on considering this letter, may have a change of heart and welcome back our canine friends at appropriate times, while educating the "numptys" of the world in the error of their ways, as a rural English family pub without dogs is like having a pub without beer! I hope that Phil will have a rethink on this one, perhaps he'll drop a line in response? - Ed'.

Dear Richard

I would like to thank everyone who made my birthday such a very happy occasion, and for the many birthday wishes and gifts I received. Thank you all!

"Bringing a little taste of the seaside to the Fens"

Wills joins the EAAA

Prince William, Duke of Cambridge will become a pilot of the East Anglian Air Ambulance, Kensington Palace announced last month. He will be paid the normal salary which will be given to charity. William is believed to be committed to working to help save lives, following his training with the RAF and his time piloting the Air Sea Rescue helicopter out of RAF Valley. Prince William will be joining the team of Pilots, and will commence training, early in 2015, with Bond Air Services, from whom EAAA lease two

aircraft. He will join their pilots who already fly on shift for us.

Since its inception in 2000, the East Anglian Air Ambulance has had incredible support from the population within the area it serves. Operating as a charity, it receives no funding from the

government, and is entirely reliant on donations

from the public.

Initially operating one Bolkow 105 from its HQ at Norwich airport, and covering the counties of Norfolk, Cambs and Suffolk, EAAA has grown to become one of the largest, busiest and most highly regarded air Ambulance operations in the UK.

Recently Bedfordshire has been added to their operational area. EAAA flies from two locations with two state of the art EC135 aircraft. Anglia 1 is still based in Norwich, and serves Norfolk and Suffolk. Anglia 2 is based at Cambridge Airport and serves Cambs and Bedfordshire. The maximum response time to anywhere in our region is 20 minutes.

A major step forward for the charity took place in 2008, when they made the transition to being a doctor led service. The highly skilled para-medics who work on the aircraft, were joined by critical care doctors. This means that extra equipment and drugs can be used at the scene. It also means that crucial clinical decisions and procedures can take place on scene. This has led to a profound effect on patient outcomes. Just about all the shifts now have these doctors on board.

Recently, following a lengthy and expensive process, EAAA became the first dedicated Air Ambulance in the country to operate during the hours of darkness. They now fly 16 hours a day using night vision and suitable lighting. In 2014 alone, 134 of the 1029 missions that were flown to the end of July used the NVIS (Night Vision) capability.

The helicopters fly 4-5 missions a day between them, 365 days a year and are tasked by the East of England Ambulance Service Trust who use the Air Ambulance us as a valuable resource within the regional trauma network.

Chris Donaldson, - Area Fundraising Manager for EAAA said, "We continue to benefit from our wonderful public who enjoy taking ownership of what they perceive as 'their' charity. From 2p in a collection box, to substantial corporate donations, we use their support to improve our service!"

We need you today, you may need us tomorrow!"

"We save lives every day!

Finding information can be hard for older people.

Need Help?

Community Navigators are local volunteers who help older people find information on enjoyable activities and useful services

No question is too big or too small and can be about both the fun and the practical. It could be anything from finding leisure activities to where to get financial advice, or help to stay independent at home. Our job is to find out what is available; it's then your choice what to do and we are here to help.

Contact us and we will do our utmost to find an answer to your query!

Call your Fenland Coordinator, Kathy Cornell on 01354 694413

Examples of information we can provide:

- Car Schemes and help with transport
- Luncheon clubs
- Mobility aids
- Help to access benefits
- Point you toward our Help at Home service Free short term practical and emotional help after a hospital stay, crisis or illness at home.

How can I help?

Just knowing what support is available can make older people feel safer, more connected to their community and able to stay independent and healthy for longer.

We are looking for people from Christchurch with a desire to help their community!

You can get involved by:

Volunteering

You only need give a few hours each month. Training, support and expenses are provided.

Editor's Interview with Connie Symons

Memories of the Old Toll House - Part 2

Connie was known as "Auntie Con" to so many people in the village. Connie was much involved in village life. Serving on the Parochial Church Council; she was Church Warden for more than 15 years. She was enrolling Member of the Mothers Union, President of the Women's Institute, and served on the committee of the Over 60's Parish Tea; an event which still runs today as an annual lunch

She enjoyed playing bowls for both Christchurch and her County; and will be remembered for her part in many of the village gala parades. In her later years, she also joined the Good Companions Club.

On showing Connie the A3 sized photograph of The Old Tollhouse which she remembered hanging on her wall, published in last months NH, she was 'delighted' and gazed into it looking at every detail. Memories flowed back of how the old building had been divided in two to make two completely separate residences for the Brooks and Connie's family.

Other photographs had surfaced too like the one shown below of Connie's time in the St. John's Ambulance, along with several other familiar faces, who may bring back a few memories for some of the rest of you too. Connie was a very active member of the Christchurch village community for very many years as we have already said. During her tenure as Church Warden, she was a stalwart during the church renovations in 1995, detailed in

Connie Sparrow - Connie Symons
Hilda Laplow - Mary Watson

The New Heron – 150th Anniversary edition in June. She regaled us with many tales of providing all the workers with tea and sandwiches everyday, along with other willing helpers. In her early years Christchurch still had its own village fire service. The

crew all being made up of villagers. There's a photo of one group below from the Connie Symons photographic archive, with thanks to Rodger and

Carol, and Terry and Daphne for helping to ID some of the members.

When I visited
Connie at Ashville
House for the
second time she
was still up in her
room along with
two other visitors,
Tom and Margaret
Hankins. I was
about to introduce
myself when
Connie did the job

for me and showed the Anniversary Issue to her two long term friends. It was great that they were there too, especially for Connie, as they were able to help dig out some of the memories from the various photographs I had taken in with me. She had no trouble at all identifying her own husband Sydney crouched down in the old strawberry field at Hillboro (below).

Connie had organized so many village events over the years including floats for the village Gala which became a yearly event. She was also heavily involved in amateur dramatics and produced many village plays. The picture on the opposite page (top) shows Connie in her heyday at

one of these events; decked out in all her costume regalia and finery! Looking very regal!

Connie was born in Sutton-St-James, to Fred and Grace Bowers, the 2nd eldest of 9 children – 8 girls and one boy, of which just her youngest sister June and her brother Arthur are still with us today. She married Sidney Symons and moved to Christchurch in the late 1930's where she spent her working life helping to run their smallholding.

Sidney died in 1981. Connie had 2 children, Rodger and Pat; as well as being grandmother to Sally, Martin and Julia and great grandmother to Sophie, Isabelle, George and Alfie.

I count it a real privilege to have known Connie

and I'm sure many villagers feel the same, and have many fond memories of past times together.

Sadly, Connie passed away at Ashville House on the evening of Friday 8th August, peacefully and in her sleep aged 96 years. She will be much missed for her happy outlook on life and endearing smile; always full of fun and a real people person. Having spoken with Rodger and Carol, her son and daughter-in-law, they agreed to let us publish this conclusion to Connie's story as a fitting memorial. We are sure that she will be smiling down on us from her throne on high. In the words of her favourite hymn: -

"When Christ shall come with shouts of acclamation,

And take me home - what joy shall fill my heart!"

A funeral service was held at March Crematorium on 21st August, and a Memorial Service at Christchurch on Sunday 24th. Donations if desired for Progressive Supra-Nuclear Palsy Association (Motor Neurone Disease) should be sent via — A.R.Clingo (Independent Funeral Director) see Ad on page 27.

Connie Symons 1917-2014

Connie by Tricia (nee Rolfe)

We've gathered today to pay our respects

To a great lady of this parish

Connie Symons is her name

A name we will always cherish

To me she was always Auntie Connie
Although not strictly true
But when you are only 3 years old
It's the polite thing to do

Hard work has always been her motto
Working hours on the land
With Uncle Sid and Roger
She was keen to lend a hand

In spring time it was the flowers
That had to be picked and packed
With many local workers
Packing in little more than a shack

Strawberry time was busy She was always up at six To ensure the crop was in The Symons didn't miss a trick

She was a member of the WI
For many, many years
We've rehearsed many plays in her front room
Bringing laughter and some tears

Aunt Connie loved playing bowls
And involved herself with cricket
Making sure teas and sandwiches were ready
When someone got a wicket

Garden fetes and galas
Flower arranging, games of whist
All were part of her life
Of which she will be missed

Church played an important part in Auntie Connie's life As churchwarden for a long long time She's seen trouble and some strife.

Finally as the years went by
Failing health set in
She had to leave her family home
What a turmoil this must have been.

But new friendships were forged There was happiness and laughter In the care home at Downham Market Where she was well looked after

Sadly she has left us
We will see her no more
But we can still hear her familiar words
"Come in love" close the door

To those who knew Auntie Connie
This great lady of the Fen
You will always be remembered
In the village as a friend.

Film Review

The Best Exotic Marigold Hotel: Fox/Searchlight Pictures

This movie is an absolute joy to watch, being both hilarious at times and also moving. With the likes of Dame Judi Dench, Dame Maggie Smith (always a good pairing), Bill Nighy, Tom Wilkinson, Penelope Wilton, Ronald Pickup, Celia Imrie, and newcomer Dev Patel, how could it fail. It was definitely the 'feel good' film of the year in 2012 and a really joyous experience. If you missed it! Treat yourselves to 118 minutes of absolute pleasure in the Indian sun. An Indian summer for all I suspect.

Bound to appeal to us folks of a certain age, but even my stepdaughter, who can be more than a little picky at 22, thoroughly enjoyed it; even laughing out loud at times. Even borrowed it to watch with her own friends. It really does appeal to all ages; though some of us might confess a certain insight.

An acclaimed cast lights up this witty, romantic comedy from the director of *Shakespeare in Love* – John Madden. When seven, cash-strapped, Brits journey to a retirement resort in India, friendship and romance blossom as they touch each others lives and hearts in the most unexpected of ways. In the end they will all discover that life, and love, can begin again when you embrace today and let go of the past. A lesson we could all do with learning. Don't you think!?

A History of Euximoor Drove - Pt 3

There was a bus service that ran to Wisbech - No364 Eastern Counties from Christchurch calling at Iron Bridge and one to March on Wednesday and Saturday. If we wished to visit Gramma Edith's daughter, Aunt Dora Cromwell at Stowbridge, Grandad would have to take us in a horse and trap to Three Holes bus garage. From there we'd travel to Downham Market and then

we were met and taken to her home. We'd have to do the same if we wished to go to Ely or Cambridge; once in a blue moon we would be taken to Stonea, yes, a REAL station complete with ticket office and waiting room to catch the steam train. Incidentally ware potatoes for market, scotch seed for planting, fertilizer and sugar beet were handled there. Apart from visits to town on Market days, 4 or 5 different grocers would come round every week along with butchers, medical supplies 'something for the weekend sir', bakers and outfitters. A Mister Heffer from Wisbech came, you picked a pattern out, he measured you up and in due course a new suit, coat etc. would arrive to be paid for by cash on weekly terms.

At the end of the 'Chase' was a chocolate bar machine fixed to a large gate post, no doubt a relic of the times before the war as I never remember it working.

Happy Row had its own cobbler, a Mr. Rayner, and someone who sold sweets etc. Other carters would take your order and bring the goods next week. I remember Dad telling me of Nanny Webb a carter selling all sorts of goods by pony and trap. Apparently he used to stop at one house quite some time so Dad and some other teenagers unyoked the pony, put the shafts through a slatted fence and reyoked the pony up the other side. I should imagine a few choice words were said.

(Part 4 next month)

Poultry Project Provides Pocket Money

by Lizzy Harvey-Hawes

Local teens Katie and Joshua Ingram own their own small business, keeping chickens. They both started out at a very young age (10 & 12) and have successfully kept it going since then. They have an egg run which delivers eggs around Christchurch, and have used eBay for a

wider range of possible buyers of fertilised eggs for hatching.

I asked Katie when they first owned chickens, and how they came to buy them.

"Well, we began with six (costing £100 altogether) - Betty, Connie,

Daisy, Doris, Mary and Peggy. They were all bought in 2009, aged 18 weeks and about to

start laying."

Unfortunately, two died a few months later; one was eaten by a fox and the other died of natural causes. Thankfully two of the original six are still going strong, Connie and Doris still live at the Ingram's household and roam around happily with

the new comers.

"When we first thought about buying them we were on vacation in a little B&B. The garden where we were staying had many chickens, geese and a few sheep. When we were travelling home, Joshy and I were given the option - Go-Kartinq or chickens? ... Guess what we chose?

We are now the owners of around 50 chickens

- only two have names though!

Not long after buying the original six, Joshy began to incubate our own eggs. Seven of them hatched, four were Rhode Islands (two hens and two cockerels) and three were Silkie hens. The incubator was

homemade by Joshy himself (as were the huts and pens). We later sold a cockerel for £10.

After our first time selling eggs on eBay, we began breeding them. Our Silkies became broody (when a hen starts to sit on eggs - this usually lasts 21 days).

was by Doris, who hatched five chicks - one of which was disabled. The poor disabled hen died at night by falling off her perch after having

One of our first natural hatchings

a fit.

Go-Karting or chickens? ...

Guess what we chose?

And this is when we started using eBay to sell fertilised eggs, whilst also doing an egg run around the village.

The prices for online selling are all different according to which egg is being sold, and who is selling them. We sell Silkie eggs for £10, and Rhode Islands for £9.20 (both including postage).

They are sent all over the country - from North Yorkshire to Kent, even into South Wales and islands like the Isle of Wight."

Katie and Joshy told me a few amusing stories, like the time when Mrs Ingram got to town and realised there was a chicken in the car, and the time when one of the cockerels got out and went to visit the pub!

Good news for dog owners. A proposal has been put forward to the Parish Council for a Dog Park in view of the number of dog owners in Christchurch. This has been timetabled on the agenda of the next Parish Council meeting which will be held on Monday September 8th 7.30pm at the Bowls Pavilion.

Any interested Christchurch residents should either come along to the above meeting to express their views, or, contact one of the Parish Councillors listed in Useful Numbers on the back page.

Christchurch Residents Association

The following was put to the Parish Council at it's August Meeting:

At a meeting of Christchurch Residents Association held on 16th July 2014 at The Old School, Church Road, Christchurch the following items were discussed and a strategy agreed upon under the heading – "Make Christchurch Safe!".

There are various issues relating to a required reduction in speed limits down Padgett's Road and its exit onto the 16 Foot Bank, Upwell Road and its exit onto the 16 Foot Bank at Jackson's Corner, and Euximoor Drove and its exit onto the 16 Foot Bank. We realize that we are unlikely to get a reduction to 30mph around these junctions, but a maximum of 40mph would seem appropriate. It is our opinion that these issues should be addressed collectively as it would be fatuous to exclude any of them from a proposal when they are in such close proximity, each one to the other and impinge upon the same stretch of the 16 Foot where it borders the village of Christchurch.

In addition to the above there is the issue of road signage which directs vehicles, including heavy goods vehicles, unnecessarily through the village. This issue was supposed to have been already under investigation, as an anomaly, with Cambridge County Council but has, so far, not been resolved. We as concerned Christchurch residents feel that this should be included within the above proposal to the Highways department under the same proposal heading of "Make Christchurch Safe!" Any suggestion that such vehicles all frequent the village shop would be at best misleading, though some may do so. However, we would be in agreement to signage showing the existence of the village shop and directing traffic to it should they actually want to make use of it; but all other signage should direct

100 WAYS FOR A CHICKEN TO TRAIN ITS HUMAN ~ No 11 - Compost—Main Course

Remember that (No 10) was only your first course, so do not over indulge. Have another run round the garden to make room for

your main course. You will find this on the compost heap - the fattest worms you could wish for. Your human will be happy that you are turning over the rotting matter and giving a new shape to their compost

heap, even if you do happen to spread it all over the lawn.

traffic away from the centre of the village should it seek to access the 1101, and routes to Downham Market, Nordelph, Littleport, etc.

We earnestly request that Christchurch Parish Council put forward a 'consolidated umbrella proposal' to FDC/Highways/Cambridgeshire County Council, which takes account of all the above issues and concerns as addressed and agreed at the above meeting of Christchurch Residents Association.

Yours on behalf of CRA Richard WB Guilford

Response of the CPC meeting

Unfortunately it was pointed out at the August PC meeting that there were only funds of £10,000 available for any such a scheme and that, therefore, such an umbrella proposal, as detailed above, would be unlikely to be accepted. However, after much discussion of the above PC Chairman Nigel Russell suggested that such a scheme could be divided up between the Parish Council, Charlotte's Way Group, and County; each one funding a part of the proposal. He was to speak to Graham Chappell (CWG) about this, Fred Yeulett to check with County.

NOTE The next meeting of the CRA is Wed 10th Sept at the Old School 7:30pm

Our Household Recycling Service is
under threat! From Friday 15 Aug for six
weeks until Friday 26 Sep. Cambridgeshire
County Council is undertaking a consultation
on residents views on the service. Options
they are considering include closing some
recycling centres, handing them over to
Charities, or other organisations and
reducing opening hours and charging for

recycling!

As residents we need to take part in this consultation - it's only available online or at the recycling centres.

Minutes of the Monthly WI Meeting held in the dining room of Townley School on August 12th 2014

Peggy welcomed members. Members stood for a minute's silence in remembrance of Connie Symons who had been a loyal member until recently.

Apologies were received from Margaret H., Anne A, Ann H, Beryl , Alma and Wendy **Correspondence:**

Invitations from:

Acorn Club, Welney WI, Manea WI.
Peggy read out a letter of thanks for help
with the Flower Festival from Margaret
Sparrow.

Other Matters

October Meeting: As we do not have the facilities to invite other W.I'.s to our Harvest meeting, it was decided to have a games evening instead.

A WI information leaflet was approved for distribution to people who have recently moved into the village.'

A short discussion on ideas for next year's speakers was held.

Speaker

Our speaker, Linda Ingram, spoke about the work of FACET. It started in 2002 for adults with learning difficulties Today it holds 17 different training programmes over the week, including woodwork and horticulture. There are four shops in the local area and Linda displayed a selection of garden items made from wood, which are for sale in their local shop in March.

Well!!! Here we are August nearly gone. This has been a strange year so far, we have had to accustom ourselves to our meetings in a limited space. Members have still enjoyed themselves and this month of course was very special. The Summer Buffet. The Committee and Members together turned up trumps. The limited space made sure we sat closer to each other at our tables for another sumptuous spread, lots of 'banter' and laughs made our buffet go with a swing.

We remembered Members who were unable to come and raised our glasses. This is the first time we have had to bring a plate/pudding dish and a spoon to enjoy our delights from the "Buffet spread", (except those that forgot! – like me! Ed'. But Marion rallied round with the necessary crocs!), but we did have a knife and fork wrapped in a serviette. Thanks to Tracey for that and W.I. for the hire of cutlery etc.

As usual, our "Raffle table" was very popular, a few hats arrived, some with a tale to tell, but time didn't allow us to go through them all; so we'll pick up on that next month. Our Club evening Summer Buffet was very laid back some of us eating far too much with seconds, and thirds, but everything far too tempting thanks to the wonderful spread provided by our members. All in all another very successful Summer Buffet evening.

Now our next club meeting is at Townley School, 23rd September, 7pm Tim Jellis will talk to us about Fuchsia. If you have a problem plant bring it with you!

Context of CRA enquiry to AWA

Following discussions at the July meeting of CRA of various ongoing sewage issues in Christchurch and concerns that tabled future developments could make matters worse due to problems suffered by the sewage plant serving Tipps End and Christchurch.

Susan Bull - Planning and Liaison Manager for Anglian Water had agreed to give a full response by the end of the month. The CRA asked the New Heron to publish this:

The Anglia Water Response

Christchurch is served by Tipps End Water Recycling Centre that currently has capacity to accommodate further connections, this is taking into account those sites with planning consent that you kindly provided a list of that are still to connect. Tipps End is a relatively new centre and there were some remedial works carried out to ensure it was operating within our quality environmental consent. During this period there were likely to have been an increase in tankers to and from the centre. This has now been resolved.

The foul network should also have capacity to accept the additional flows. As I explained in our telephone conversation, we are not statutory consultees on planning applications and it is our aim to respond to major applications; that is ten or more

dwellings. So we will not have responded to the planning applications you have listed. We are obliged to accept the foul flows from development that has the benefit of planning consent.

There is a requirement under Section 106 of the Water Industry Act 1991 for developers to advise/ give notice to the sewerage undertaker of the intention to connect. This includes providing detail of the method and point of connection that Anglian Water will consider to ensure there is not detriment to the public sewerage system

Christchurch is partially served by a vacuum sewerage system. Vacuum sewerage systems differ from conventional systems in that connections are only permitted to certain parts of the system, normally the vacuum pot itself. The number of connections allowed to each pot is limited and therefore we are required to carry out site investigations to determine a suitable point of connection, before the section 106 application is processed.

In some circumstances it may be necessary for Anglian Water to construct a new vacuum pot.

I hope this adequately responds to your queries. Regards Sue Bull

IMPORTANT NOTICE

The way we all register to vote is changing

The way you register to vote is changing across the UK. In Fenland around 7000 residents may need to take action to join the new register, even if they were registered in the past.

We have written to local residents to tell them about the change. If you received a letter inviting you to register, it's important you respond so that you can have your say in future elections and referendums.

About the change

The registration system changed in June 2014. The new system is called 'Individual Electoral Registration'. Previously, the 'head of household' was responsible for registering everyone who lived at an address, but now every individual is

responsible for their own voter registration. The new system means that for the first time people are now able to register online. To register, you will

need to provide a few more details, including your National Insurance number and date of birth. This helps make the electoral register more secure.

Most people who are already

registered have been transferred automatically to the new register. However around 7000 will need to re-register in the Fenland area. There are also people in the area who are not registered to vote at all and so need to register to have their say in elections. If you weren't registered previously, you can register under the new system at www.gov.uk/ yourvotematters.

This is the biggest change to the voter registration system in 100 years. To find out more, visit www.gov.uk/yourvotematters

Pre-school and Class 1 enjoyed their annual teddy bear's picnic. The children shared their packed lunches with their favourite bears before playing on the trim trail, in the big sand pit and on the climbing frame. The children and teddies also enjoyed joining in with one of their favourite stories, 'We're going on a bear hunt'. A super time was had by all!

Pilates for All

I recently moved into Christchurch village, and one way of getting to meet local people, was through joining the local Pilates class at Townley School.

Classes are from 6:30 to 7:30 every Tuesday evening and I have now been going since March.

Pilates is an exercise system that focuses on stretching and strengthening the whole body, to improve balance, muscle strength, flexibility and posture. It was created by German born Joseph Pilates in the early 1900's, hence the name.

It is suitable for people of all ages. It's never too late to start, you'll be surprised at what you can achieve. All you need is suitable clothing i.e.

leggings and tee shirt, and a mat to lay on. Autumn is a good time to start, as we are all a little rusty after the summer break.

Our teacher, Marina, is very experienced and friendly, as are Vivien, Paul, Jane, Sandra, to name just a few people I have met since joining.

Anyone trying to decide whether to join or not, please give it a go. The cost is £5 per session paid on a monthly basis.

Look forward to seeing you soon. Keep fit and make friends!

Anne Atkinson.
